

# Dynalite Integration Devices

## DDNGKNX

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

### Product data

<b>General Information</b>	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options
<b>Approval and Application</b>	
CE mark	CE mark
EU RoHS compliant	Yes
<b>Product Data</b>	
Full product code	871016352342200

Order product name	DDNGKNX
Order code	913703080509
Numerator - Quantity Per Pack	1
Numerator - Packs per outer box	1
Material number (12NC)	913703080509
Full product name	DDNGKNX
EAN/UPC - Case	8710163523439
